## Pairing your computer to the ErgoBot: Android

1. Turn on the ErgoBot using the switch on its bottom.

2. On your Android OS device, swipe your finger down in the upper-right corner to see the menu.

3. Select "Bluetooth" from the menu. (Either a single press or a long press, depending on your device.)

4. Turn Bluetooth On.

5. Select "SEARCH FOR DEVICES" to add the new ErgoBot as a Bluetooth device to your mobile device.

6. Select the ErgoBot device to which you want to pair and connect.

7. This shows a successful connection.

8. Sometimes you may have to turn the ErgoBot power switch on and off to refresh the Bluetooth connection.

You can now run the interactive elements in the *Essential Physics* e-Book with your paired ErgoBot!
