# Pairing your computer to the ErgoBot:  Windows

1. **Turn on the ErgoBot** using the switch on its bottom.

2. **Click the Bluetooth button** on the system tray in the lower right corner of your computer's Desktop.

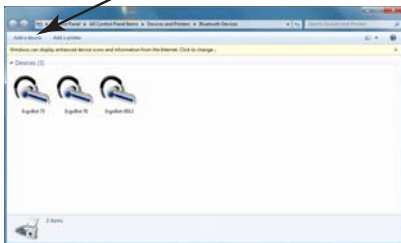

3. **Select "Turn Adapter On" to turn on Bluetooth if it is currently off.**
   (You can also access this by clicking Windows -> Control Panel -> Devices and Printers.)

   ```
   Add a Device
   Show Bluetooth Devices
   Open Settings
   Turn Adapter On
   ```
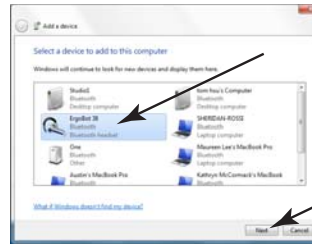

4. **Click the System Tray's Bluetooth button again and now select "Show Bluetooth Devices."**

   ```
   Add a Device
   Show Bluetooth Devices
   Open Settings
   Turn Adapter On
   ```
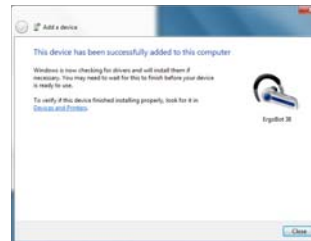

5. **Select "Add a device"** to add the new ErgoBot as a Bluetooth device to your computer.

6. **Select the device you wish to add and click "Next."**

7. **The device has now been added successfully to the computer.  Click "Close."**

8. **Double-click your new device** in the control panel for Bluetooth devices.

9. **This shows a successful connection.**

**You can now run the interactive elements in the *Essential Physics* e-Book with your paired ErgoBot!**
